LUNDERBY PHOTOGRAPHY

# Greetings

From  
The Lunderbys

What is your very own personal piece of portrait art? It is an object of beauty that adds a feeling of warmth and charm to your home. It is a moment borrowed from today and given to the future. It is remembrance. Possibly the innocence of childhood or the vibrancy of youth. It could be the cherished feeling of family.

Creating this special gift for you is our passion.

As portrait artists, our goal is to create for you a family heirloom, a one of a kind art piece that will be cherished for years and then passed on to future generations. We will work with you from the planning process through giving you suggestions on where to display your portrait.

Our team has over 30 years of experience creating beautiful portrait art. Ken holds the degrees of Master Photographer and Photographic Craftsman. Kathy has years of experience in helping clients get what they want in portraiture and has an amazing eye when it comes to custom framing. Nicky has a BA in Art History and extensive training in design and photoshop.

Why wait? Now is the time to record those feelings of appreciation and love that you have for each other. Let us create that experience for you.

## OUR CLIENTS SAY IT

# Best

“We have always had great experiences with the Lunderbys. The atmosphere is always friendly and unrushed. We would highly recommend that you have Ken, Kathy and Nicky create a personal piece of art for your home.”

“While growing up, my parents used Lunderby Photography for all of our family portraits, senior portraits, etc. Now I’m raising a family of my own and we also use Lunderbys! Ken and Kathy are so easy and fun to work with and they do a great job with our young kids. For our most recent session, they came to our home and helped us with some beautiful outdoor portraits that capture our family so perfectly that everyone who sees them comments on what amazing portraits they are. Although the quality of their portraiture would be enough to keep me coming back, I also really enjoy that both Ken and Kathy are very active and generous in our community.”

"We are newcomers to Lunderbys, technically, but feel like we have known them for a lifetime by how genuinely caring and interested they are with our family as a whole and each individual from first meeting and beyond.

From our first interaction with the Lunderbys, we always felt heard and most importantly, true partners in this experience. Lunderbys provided us wonderfully artistic and genuine portraits of our daughter, then our family, but also an experience that transcended a "photo session" to a lifetime cherished memory.

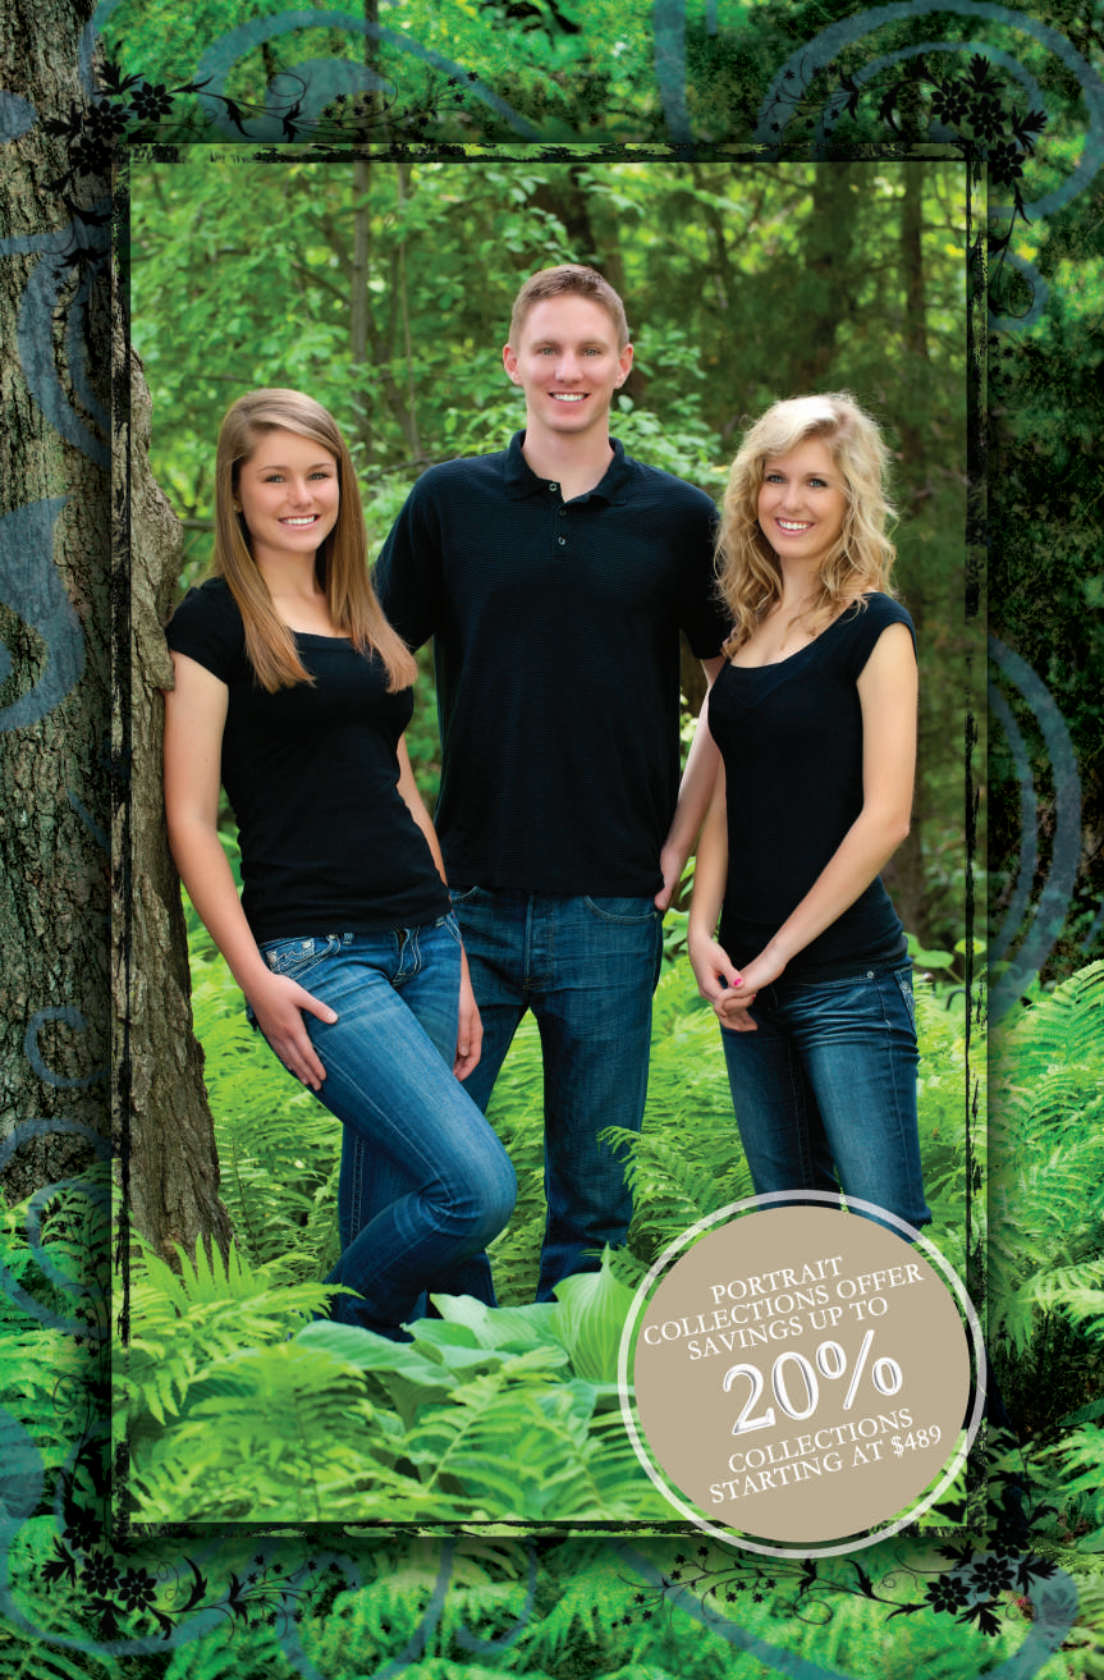

How Ken, Kathy and Nicky work together is awesome to watch. Ken's ability to connect with a person in a way that naturally brings out your personality and capture it in a blink or flash of an eye, is pure artistic magic! He captured our family's very distinct and different individual personalities, which was a feat in itself. We will always remember the first day we viewed both our senior and family portraits and the plethora of emotions that surfaced with each view.

While Ken's photographic artistic talents are astounding and inspiring, Kathy and Nicky are also great creative contributors from view selection to layout and design. They went outside the box with us and took a creative leap on our family holiday card, outside showing us very well behaved, with the "real" us on the inside.

That is what the Lunderbys do. They take a portrait and transform it into a piece of art that makes a statement. We, like our family and friends, find our Lunderby portraits as timeless, priceless works of art that will carry forward for years to come."

Kathy will discuss with you cropping and enhancements that you might like on each of the images that you select. Nicky, our designer, will then take those instructions and perform her "magic". Once the images are ready for printing, Kathy and Nicky will give them a final scrutinization. When the portraits are returned from our lab they are inspected to make sure they meet our strict standards. 8 x 10 portraits and larger are mounted on artist board for a higher quality portrait.

When you are ready to order, Kathy will sit down with you and custom create a package to fit your needs.

On occasion people ask "How much do others spend?". That all depends on their needs. Clients that want something smaller for themselves and a few gift prints spend \$300 - \$800 on portraits. If they are interested in a wall portrait and gift prints, they spend \$900 - \$1500 or more. Others wanting an Artisan wall portrait, an album and more might spend \$1900 or more. We will help you find a way to get what you want without any pressure. If it would help you get the portrait art you want, we offer interest free payment plans. Enjoy the portraits you want and comfortably pay for them over time.

PORTRAIT COLLECTIONS start at \$489 and include up to a 20% savings!  
WALL PORTRAITS start at \$521. GIFT SIZES start at \$72.

100% SATISFACTION

“ My son was entering his junior year of high school and my daughter her final year of middle school. I needed a family portrait like now! I chose Lunderby Photography, not because I knew someone who had used their services but because when I looked at Ken's portraits on the website there was something about his work that captivated me. Ken seemed to capture the essence of the people he was photographing. There was a depth to his work that kept the portrait from looking staged, not simply a portrait, but a work of art. The session was so much fun! We never felt rushed and spent much time joking and laughing. I have never been so happy with a family portrait and know when it is time for another, we will be back at Lunderbys!”

“Ken is very dynamic, has a great eye for details and brings a sense of adventure to every session. Kathy has always taken care of us and is a wonderful resource with choosing poses and effects for our images. We have been so blessed to have had Lunderby Photography take such wonderful portraits of the special moments in our lives for us to look back on.”
