Greetings

From
The Lunderbys

What is your very own personal piece of portrait art? It is an object of beauty that adds a feeling of warmth and charm to your home. It is a moment borrowed from today and given to the future. It is remembrance. Possibly the innocence of childhood or the vibrancy of youth. It could be the cherished feeling of family.

Creating this special gift for you is our passion.

As portrait artists, our goal is to create for you a family heirloom, a one of a kind art piece that will be cherished for years and then passed on to future generations. We will work with you from the planning process through giving you suggestions on where to display your portrait.

Our team has over 30 years of experience creating beautiful portrait art. Ken holds the degrees of Master Photographer and Photographic Craftsman. Kathy has years of experience in helping clients get what they want in portraiture and has an amazing eye when it comes to custom framing. Nicky has a BA in Studio Art/Art History and extensive training in design and photoshop.

Why wait? Now is the time to record those feelings of appreciation and love that you have for each other. Let us create that experience for you.

OUR CLIENTS SAY IT

Best

“We have always had such great experiences with the Lunderbys. The atmosphere is always friendly and unrushed. We would highly recommend that you have Ken, Kathy and Nicky create a personal piece of art for your home.”

“The Lunderby's have a knack for getting the perfect photos, even if the kids attention span only lasts for a couple of minutes. They truly captured the spirit of our kids in each of the photos. More than other photographers that our family has worked with in the past, they took the extra time to look at each image, help us choose the portraits we wanted and even helped us with designing layouts for our walls. It was a great experience and we would highly recommend Lunderby Photography!”

“Ken and Kathy are a dynamic duo. Through a generous donation of their time and talents, we were connected through a fundraising effort for Be The Match. Their follow up each step of the way from scheduling to the completed portraits helped ensure our family portrait was a complete success. They were willing to come photograph at our home, which helped with four teenagers. Ken came to check out the photographic settings and took pictures of the wall I wanted to hang the portrait on. The day of our photo shoot was enjoyable for all. They made each interaction fun. When picking out the right portraits to purchase, I did not feel rushed or pressured. Choosing the size was easy when I could see it proportionate to the wall it was going on. They were even instrumental in helping me pick out the perfect frame. Thank you for making it a great memory!”

Portrait Pricing

Kathy will discuss with you cropping and enhancements that you might like on each of the images that you select. Nicky, our designer, will then take those instructions and perform her "magic". Once the images are ready for printing, Kathy and Nicky will give them a final scrutinization. When the portraits are returned from our lab they are inspected to make sure they meet our strict standards. 8 x 10 portraits and larger are mounted on artist board for a higher quality portrait.

When you are ready to order, Kathy will sit down with you and custom create a collection to fit your needs.

On occasion people ask "How much do people spend on portraits?". That all depends on their needs. Most people select one or more wall portraits and a few gift prints and invest \$1500 or more. Other clients that desire something smaller invest \$700 - \$1500. Clients that desire a truly exquisite look in portraiture choose our mixed media painterly portraits starting at \$1999. We will help you find a way to get what you want without any pressure. If it would help you get the portrait art you want, we offer interest free payment plans. Select the portraits you want and comfortably pay for them over time.

PORTRAIT COLLECTIONS start at \$899 and include up to a 20% savings!
WALL PORTRAITS start at \$949. GIFT SIZES start at \$99.

100% SATISFACTION

Guarantee

Everything we create has a one hundred percent satisfaction guarantee. If you are not satisfied with your portraits, we will retake them or refund your money, whichever you prefer.

“We never expected to have such a fun time having our photographs taken. Kathy and Ken are a delight to work with and immediately make your visit so easy and relaxing. They have a great studio but also a beautiful piece of land for many different photo choices. My husband and I had never had photos done before and were delighted with all of the choices we had. We loved our final selections and will treasure them always.

They spend so much time when they are taking the photos and then helping you make your choices. Then, to top it off, they actually come to your home and hang them for you! You can't get any better service than what they give. They do an amazing job and help preserve your memories for a lifetime.”

“Our request for an “outdoors in the snow” photo shoot was met with enthusiasm by Ken and Kathy. The smiles came easily as we set up heart-warming poses in the cold air. The results are stunning portraits in our home that keep the compliments coming. These precious keepsakes will be adored by our family for generations to come. The Lunderby’s artistry is beyond anything imaginable.”

“We have found our experience with Lunderby Photography to be an absolute joy! We love having photos of our children that capture them as they grow and we have had multiple photographers over the years. Lunderby's is by far the best. Ken and Kathy's demeanor with children is amazing. They are welcoming and kind. Ken as a gift for capturing the most perfect pictures of children in the shortest time we've ever seen. Their studio a beautiful hideaway with first class indoor and outdoor settings. It also has a beautiful portrait and framing review room that makes choosing the portraits fun. Kathy does a great job of guiding you through the portrait selection process and helps you decide on your favorite so you leave satisfied with your selections. We have most enjoyed having the virtual paintings of each of our boys made which are prominently placed in our home so we get to enjoy them everyday.”
